Carpet Seam Sealer 8300

Shaw 8300

DESCRIPTION: SHAW 8300 ONE FLOOR SOLVENT-FREE CARPET SEAM SEALER
Provides a polymer fortified adhesive bond and is recommended for seaming all thermoplastic back carpets.

APPLICATION:
Prepare carpet according to manufacturer's instructions. Apply a bead of sealer along the carpet primary backing with an adhesive applicator bottle. Apply adhesive to only one side of carpet. Complete the seam by butting both sections of the carpet together while the adhesive is still wet (within 5-10 minutes). To completely seal the installation, lift up the perimeter of the carpet and apply a 1/16" bead around the perimeter of the room next to the wall and all stationary objects. Lay in the carpet over the sealer so the sealer makes contact with both carpet and wall or stationary object. When sealer is cured it will form an impervious barrier from topical moisture. Smears of sealer on the carpet surface are easily cleaned within 10 minutes by rubbing with a clean cloth wet with soapy water. Avoid soaking carpet with water. Do not pur soapy water directly on carpet.

PHYSICAL PROPERTIES:
V.O.C.: 0 (calculated)
Base: Latex/polymer mixture
Color: Cream
Flammability: Non-flammable
Clean-Up: Warm soapy water when wet, Taylor Touchdown #9 Adhesive Remover/Stripper when dry.
Warning: PROTECT FROM FREEZING

CAUTION:
Use with sufficient ventilation. Prevent prolonged or repeated breathing of vapors or mist. Use fans, motors and other equipment, open doors and windows as necessary. Do not use in confined areas without proper ventilation. Keep container closed when not in use. Vapors, while low in toxicity, are capable of causing fainting.
WARRANTY:
Shaw Industries, Inc.’s only obligation shall be to replace or pay for any adhesive proved defective. Beyond the purchase price of materials supplied by us, we assume no liability for direct, indirect or consequential damages of any kind, and the user accepts the product for particular purpose or intended use shall be solely up to the user.

Material Safety Data Sheet

IDENTITY (As shown on label):
Shaw 8300 One Floor Solvent-Free Carpet Seam Sealer

SECTION I
Prepared by: Todd Bethel
Manufacturer Name: Shaw Industries, Inc.
Address/Phone: P.O. Drawer 2128; Dalton, Ga 30722; (800)441-7429
Emergency Telephone No.: (800)535-5053
Product Class: Latex/polymer mixture
Manufacturer’s Code Identification: 8300
Trade Name: One Floor Solvent-Free Carpet Seam Sealer

SECTION II
HAZARDOUS INGREDIENTS
None per OSHA Regulation: 29 CFR 1910.1200
SARA Title III Section 313 Chemicals: None
HMIS H=1  F=0  R=0

SECTION III
PHYSICAL DATA
Boiling Point: 212°F
Evaporation Rate: Same as water
Vapor Pressure: Same as water
Color: Cream colored
Odor: Slight ammonia-like odor
Grams V.O.C. per liter of material: 0 (calculated)
Grams V.O.C. per liter of coating: 0 (calculated)

SECTION IV
FIRE & EXPLOSION HAZARD DATA
Dot Category: Not regulated
Flash Point: None
LEL: N/A
SECTION V

HEALTH HAZARD DATA

SYMPTOMS OF OVER EXPOSURE

Inhalation: May cause irritation
Ingestion: Not a likely route of entry under proper handling conditions
Skin: May cause slight irritation
Eyes: May cause slight eye irritation

FIRST AID PROCEDURES

Eyes: Flush with water
Skin: Wash with soap and water
Inhalation: Remove to fresh air if needed

SECTION VI

REACTIVITY DATA

Stability: Stable
Conditions to avoid: None known
Hazardous decomposition products: None known
Hazardous polymerization: Will not occur

SECTION VII

SPILL OR LEAK PROCEDURES

STEPS TO BE TAKEN IN CASE MATERIAL IS SPILLED.
Keep out of sewer systems to prevent blockage due to polymer deposits. Soak up materials with absorbent material and place into closed containers.
Waste Disposal: Abide by all state, federal, and local regulations.

SECTION VIII

SPECIAL PROTECTION INFORMATION

Respiratory Protection: None should be needed
Eyes: Goggles
Ventilation: Local exhaust
Protective Gloves: None Required
Other Protective Equipment: None

SECTION IX

SPECIAL PRECAUTIONS
Precaution for handling and storing: Do Not Puncture
KEEP OUT OF THE REACH OF CHILDREN.
