Fine rugs made in Asia. For Asia.

Exquisite Impression is Shaw Contract’s latest running line rug offering set to time-sensitive hospitality projects in Asia. Our designers have handpicked 21 exquisite patterns in a total of 408 colorways suitable for a diverse range of applications, especially when combined with our hard surface collections.

The designs come in standard sizes 6’x9’ and 6’x4’, but customized rug lengths are available on request. With a minimum order quantity of 150sqm (equivalent to 30 6’x9’ rugs or 68 4’x9’ rugs), we are offering all running line colors in the attached style list, ready for shipment in six-seven week lead time from our state-of-the-art manufacturing facility located in Nantong, China.

water moss rug (CN49823) in moss (15326)
EMERGENCE

Emerge inspired and curious. To appreciate light we must pass through shadows, moments of tranquility contrasted with moments of buoyancy. Mood-setting or playful, it surprises us as color and pattern appear from an elusive background.
still life rug (CN50048) in nocturn magenta (11506)

COREtec® Engineered Vinyl Tile (EVT): when beauty meets performance

With patented technology that makes it waterproof, dimensionally stable and quiet, COREtec® delivers real performance for end-users.

Designed with locking edges, installation is quick and easy saving installation time and labor costs.
1. ExoGuard™ finish layer adds resistance to scratching, scuffing and abrasion.

2. Commercial wear layer protects against excessive wear and adds cleanability and stain protection.

3. Print film layer is printed in high resolution and laminated to a vinyl layer.

4. COREtec® extruded core is waterproof and inert. This core provides stability for the product and prevents expansion and contraction.

5. Attached Cork Underlayment provides added sound dampening from foot traffic, floor to floor sound transfer and naturally resists mold and mildew.

6. Integrated locking edges eliminates the need for wet adhesives. Floating installation limits floor prep and eliminates telegraphing.

<td>COREtec® commercial is 100% waterproof and can be installed in areas with topical moisture like bathrooms and kitchens.</td>
<td>ExoGuard™ Performance finish combined with low gloss and proper embossing provides excellent stain, scratching and abrasion resistance.</td>
<td>COREtec® features an attached cork underlayment that softens footfall above and below.</td>
<td>Installs 12X faster than comparable products - install right out of the box with no acclimation time with little or no floor prep required.</td>
<td>Floating installation allows installation over existing hard surfaces with little or no floor prep. It will not telegraph and will hide many sub floor imperfections.</td>
