Sometimes, work is play. Play is science. Science is art. Art is imagination. Imagination is innovation.

Change is how we make an impact. It starts when we get inside an idea, when we transform from within, when we question how we do things, when we choose new materials, choose sustainability, choose creative freedom in all that we make and do.

Change is everything.
We design our future at the Create Centre.

At the Create Centre, we are offered the opportunity to be as agile or as connected as we feel: to be energized by our peers or find a moment of calm for reflection. It is a place to do our best work and always be ready to generate transformative ideas.
“Globalization and increased connectivity allow us to drive positive impact in the global communities we serve. With new showrooms, manufacturing facilities and partnerships, we’re able to collaborate, innovate and create products that matter with people across the globe.”

2018 saw the addition of a new Shaw Contract showroom in Shanghai and the acquisition of a new manufacturing facility in Sanqhaur, Scotland, United Kingdom, giving us more direct access to service customers in these markets.

Our Asia-Pacific team engaged yarn artist Kelly Lim to create pieces using Shaw yarn for a local museum.
A vision for the future.

A challenge to both material use and materiality. Shaw co-owns one of the largest domestic post-consumer bottle recycling facilities in the USA. PET Resilient is made from a minimum of 40% post-consumer PET bottles. We have the ability to increase this post-consumer PET percentage incrementally until it reaches 100%. Our vision is to close the loop, developing a circular product, made from 100% post consumer waste and use ocean plastics as a material source.

PET Resilient uses a minimum of 40% post-consumer PET

- NO PVC
- NO Plasticizers
- NO Chlorine

- 2X the dimensional stability
- 11% IIC improvement vs LVT
- 1500 PSI load, 5 on Martindale, superior scratch and dent resistance
- 99% Can be installed on subfloor with up to 99% RH. No moisture testing required.

Choosing for good just got easier.
Design for good.

Community is about shared mission, shared impact and shared experience. Together with author and speaker John Cary, we’re advocating to bring dignity to design for humanity and the planet. Cary shared this vision with our Design Award judges this year.
Shaw Contract has collaborated with Stockholm-based design studio Form Us With Love to develop a groundbreaking flooring product. Our creative partnership started with the standard square carpet tile and challenged how it might be approached in a different way. Our mission was to design a creative response to enhance how commercial environments feel and function today. The result is a new concept in floor tiles called Inside Shapes. See page 140 to explore the collection.

Meet the shapes.

Shaw Contract has collaborated with Stockholm-based design studio Form Us With Love to develop a groundbreaking flooring product. Our creative partnership started with the standard square carpet tile and challenged how it might be approached in a different way. Our mission was to design a creative response to enhance how commercial environments feel and function today. The result is a new concept in floor tiles called Inside Shapes. See page 140 to explore the collection.
“We develop design solutions not merely by researching trends but by placing those trends in the context of broader cultural shifts. We see design as an expression of the way we live today. The Haven collection celebrates the increasing fluidity between our work life and our home life.”

John Crews
DESIGN MANAGER, LIFESTYLE STUDIO

The Lifestyle Studio synthesizes cultural research, observation, and analysis to craft meaningful design solutions for the ways we live, work, and travel today.

See page 126 to explore the collection.
Shift your shape. Pattern and texture play out in thoughtful rectangular proportions. And anyway you shape it, tile installation will never be the same. Weave it. Stagger it. Give it the herringbone treatment.
Athletic textiles flex into our physical space, interjecting bold energy and graphic motion. Shape the floor in sweeping linear movement. Balance the workplace with pops of energy and optimism. Active is made to mix scale and add density with varying texture and colour.
Welcome to an altered perspective, where things aren’t quite what they seem. Layer your curiosity with creativity to blur the line between what’s real and what’s surreal. This is Altered, a collection of 9 x 36 and 18 x 36 tiles, where manipulation takes left, right, and center stage—redefining how we see. Not just within your space, but all that surrounds it.
The Shaw Contract design team seeks verdant inspiration. An avant-garde runway show, cutting edge textile techniques, the weathered and worn bark of a tree. alterNATURE is a broadloom and tile collection of rich textural variations lifted from the natural world, exaggerated with a synthetic edge.
Art of Escape embraces the allure of natural landscapes. With subtle, tactile textures and neutral tones, these patterns in nature-inspired hues enhance and never overwhelm an interior, allowing you to relax and focus on the beauty of the landscape.
The places where we work, play, learn and heal are blending, becoming more flexible and multi-functional. Assembly represents a thoughtful approach to the floor that reflects the evolving needs of our interior environments. It sets the foundation for impactful moments, encouraging conversation, collaboration and a sense of belonging. Assembly is meant to encourage meaningful interactions at the intersection of community, people and place.

Assembly is a system of products thoughtfully designed to work individually or in unison. Combine pattern, scale and accents to promote wayfinding, brand identity and flexible spaces.

To see options, visit shawcontract.com/assembly.

To design is to dare. To think big. To be bold. Introducing a collection that mixes pattern, colour and texture in a brave new way. Architectural scaffolding, geometric grids, linear stripes, each with a mind of their own. And each with a singularly stylish statement to make. That just so happens to end in an exclamation point.

*Available with a minimum yardage. Contact your sales representative for more details.
Asymmetrical folds, sculpted angles and scored geometry intersect, adding architectural form to floor designs. This is an origami movement in the making, a whole new folded edge.
Shining design in a flash. The entire Bright Work collection is Quick Ship. Vivid styles in broadloom and tile, all set and ready to glow. Arriving at your space faster than the speed of colour and light.
Character is the essence of a life well-lived. Our lives are enriched by all that has gone before, the process that builds our characters. In senior living communities the demand for functional, soothing environments reflects the changing needs of today’s seniors. Building Character blends patterns and textures that simultaneously intrigue and soothe, a sophisticated interpretation of all the elements that enrich senior living communities.
Every artist begins with a blank canvas. And, now that canvas is the floor. Reimagine what’s possible with Canvas, a carpet innovation that blurs the line between space and design, opening the possibilities of carpet manufacturing. This advanced technology pushes the boundaries of colour and pattern variation, flexibility, refinement, ingenuity and imagination. With precise lines, photorealistic detail, vivid colour and smooth gradients, your ideas are brought to life on carpet like never before.

The structure of plant life under a microscope unveils intricate patterns and organic shapes. A liquid wash overlay, inspired by the science of fluid dynamics, provides an ethereal view of the microscopic. Continuing our exploration of natural elements, a collection of luxe proportions develops from the most basic unit of design and is multiplied out for hospitality spaces.

*Available with a minimum yardage. Contact your sales representative for more details.
Chenille has a soft, fuzzy vibe and our very own organic connection to nature. Texture and pattern combine in high-luster Eco Solution Q® fibre to create simple, classic designs in both broadloom and tile.
Clearview, a tile collection combining performance and style, at a price that makes sense. Let the value of Clearview brighten the environment around you.

clear tile | page 299
Slices of time. Gradients softly fade the boundaries of time, reflecting shifts in light. Patterns emulate our daily lives, representing dynamic movement and restful pause. Restoring the body’s circadian rhythm, we are instilled with a sense of tranquility.
Just another colourful day. Subliminal and instinctive, colour creates a vibe and sets the mood. Colour energizes. It stimulates. Colour motivates. And it helps us collaborate. Available in 9 X 36 and 18 X 36 tiles, Color at Work collection merges fields of colour and pixelated pattern to create the framework for your open canvas. So show off your true colours—there’s a palette of possibilities. Because life should never be dull.
Let your shape run wild. You have a vision in mind. Now imagine, changing it at will. The combination of 9 x 36 and 24 x 24 tiles means you can go monochromatic subtle or make a progressive colour statement. Zig instead of zag. Explore unique shapes. Experiment diverse colour hues. You’ve got colour carte blanche. And the ability to let your creativity loose.
Standing on a city block. Light travels through the streets and across a courtyard. Shadows shift. Materials merge. Colours collide. In that decisive moment, we form perspective.

"Custom carpet available with a minimum order. Contact your account manager for more details."
Defined by strength and tempered by texture, Concrete & Composed is constructed with innovative COREtec® SPC with attached cork technology. The dimensionally stable construction and high density core is ideal for high traffic commercial environments with low maintenance and quick installation. Rich wood grain visuals and textured concrete provides a foundation of beauty and performance.
Interact with hexagonal shapes, asymmetric patterns and deconstructed designs. Engage with bold colour and modular form. Create spontaneously put together spaces. Configure is a new shape of thinking. Impromptu all the way.
Designed with realistic wood visuals and grain textures, the Stratum series provides a beautiful traditional or transitional look and feel with natural variations and visual depth. Using our innovative COREtec® WPC with attached cork technology, Stratum EVT offers high performance with value. The dimensionally stable layered construction makes installation quick and easy, saving on time and labor cost. The low-maintenance high-performing ExoGuard™ finish is resistant to scratching and scuffing.
The natural beauty of wool. The hard-edged shine of metal. Our Design Lab imagined a collection where the two could peacefully co-exist. Couture features our cradle to cradle commercial carpet fibre Eco Solution Q® in a new woolen and metallic aesthetic. Fully sustainable, it is designed to coordinate perfectly with our Homage collection. The result is pure eco-couture.
Letters, numbers and abstract elements are cut, rotated, deconstructed and composed to graphic effect. Education makes a bold design statement in No Rules tile and broadloom.

Shaw Contract will donate 1.5% of the sales of Cut & Compose to support the Green Apple initiative of Center for Green Schools at the U.S. Green Building Council to create healthier, safer, more sustainable learning environments. Learn more: Take action, centerforgreenschools.org
Dressed to kill has always been high style. Flexible enough for any mood, any environment, any area within that environment. Understated elegance. You can even customise it to your specifications. It answers your questions as it challenges you to consider many more possibilities.
Immersed in intricacy. An expedition through rural Cambodia and Laos, a culture steeped in silk weaving. We immersed ourselves in the process, awed by the intricate techniques handed down from master to novice, generation to generation. This collection pays homage to the artistry of weaving and celebrates precision of craft.
Three weeks in India, Cambodia and Laos, we became one with the places where ancient crafts are still being made as they were centuries ago. Stone carving and the inlay technique, Pietra Dura, hand-woven textiles, and elaborate miniature paintings were just a few of the crafts we explored.
Whatever your Situation, Intent or Purpose the three distinct designs in this collection allow you to divide your space into districts of pattern, textures and scale. All styles are available for quick ship up to 2,500 yards within two weeks.
An intricate amalgamation. Colour drawn from nature merges with texture and technique. An exploration of natural dyes derived from madder root, indigo and cochineal. Ancient wash and dye techniques reinterpreted, fabric is woven, twisted, bundled, dipped and dyed. The results are unpredictable, the colour discoveries surreal. No two tiles are ever the same.
To appreciate light we must pass through shadows. Moments of tranquility contrasted with moments of buoyancy. Mood-setting or playful, emergence surprises us as colour and pattern appear from an elusive background. It is a rich, botanical design that takes its abstract direction from the art world to subvert realism in an aesthetically engaging form. It piques our curiosity, visually leading us through a lush landscape of tonality and pattern, with the promise that wherever we emerge, we will feel inspired.
Wood flooring, beloved for its warm, tactile nature, has been reimagined by Shaw Contract. We start with the highest quality timber. We add artisanal craftsmanship. Then we combine them in an innovative manufacturing process that honors the authentic properties of the material while advancing its capabilities to a new level of performance.

Engineered hardwood is available in three constructions featuring a blend of two cores and two finishes. Engineered High-Density Core and Engineered Ply-Core both have the look of solid hardwood with the added durability and dimensional stability of an engineered core.
Behold Essay of Clues. Eco Solution Q® on top, EcoTile underneath. Cradle to Cradle certified™ by McDonough Braungart Design Chemistry. Completely carbon neutral. Contributes to LEED credits for recycled content, low emitting materials and innovation in design.
View nature through the lens of your subconscious where atmospheric landscapes, mist-covered mountains, botanical specimens and natural phenomena layer and manipulate to form dreamlike designs. Let your imagination run wild.

*Custom carpet available with a minimum order. Contact your account manager for more details.
A sensory experience, wild and nomadic. Rethinking the process of carpet construction, we saw something Extraordinary. What was once waste, became an essential ingredient, key to this tactile terrain. A rugged beauty, a topographic texture, micro to macro. Extraordinary is made to be touched.

Study in motion. Fractal geometry folded into static. Ancient pavers formed into new paths. Patterns created by how we move, articulating texture and scale. Reinforce the structure, the architecture, the potential of space. Places to walk, places to pause, places to gather.
From ceiling to wall to ground floor, we are surrounded by architectural planes of influence. These surrounding spatial elements play together in Floor Architecture. This collection is constructed with nuanced colour and punctuated with realistic imprints, making a strong design statement.
Its graceful aesthetic blends contemporary clean lines with patterns that have a soft painterly edge, blending cultures and crafts in an inspired fusion of textures and large-scale geometry. Both the visual and tactile elements enhance the versatility of this collection designed for today's rapidly evolving hospitality environments where we no longer look at hotels as just as places to sleep but as places to gather and connect.
Framework is a system of coordinating carpet patterns and colours offering visual variety for gathering places, wide open spaces, and everywhere in between. Three broadloom constructions curated into six style categories. From abstract organic to intricate ironwork, artisanal craft to classic motifs, whimsical florals to graphic geometry. All designed to live together, beautifully.

Geoscape brings together nature and formations, blended with geometric patterns. It’s the visual expression of geography shaping landscapes. Using Canvas dye-injection technology, the clarity of colours, photorealistic detail and smooth gradients create sophistication and depth.
Vivid and Compelling. Gestures express emotion, communicate intent, create movement. This uniquely human act is captured in Gestures. This collection brings spaces to life with brushstrokes, bold colors and contrasts, and abstract painting patterns. Using Canvas dye injection technology makes these designs vivid and compelling.

Plank position. Wide-format luxury vinyl plank designed for maximum versatility with a direct glue option or with our patented In*Step locking system for adhesive-free, floating installation. Modern wood grain textures and metallic sheen mix with the subtle striations of near-solids. The integrated palette forms nuanced transitions with natural wood tones and bold contrast with pops of bright.
Like nature. Like carpet. Graphic nature is designed to bring the vitality of what’s outside, to the environment within. Born from Eco Solution Q® fibre, EcoWorx® tile backing and eco worx broadloom, every square foot is fully cradle-to-cradle, just like nature. Just like carpet.
Trust the process. Setting electronic devices aside, we turned our attention to ink and paper and sketched. Following our instincts, we began a simple study of hand-drawn lines. We explored width, irregularity, imperfection. We experimented with line weight, abstract and analog proportion, and tactile movement. Through our own hands, we found beauty in the inconsistencies. And revealed something of ourselves.
The Haven collection draws inspiration from the singular qualities we associate with home—comfort, well-being, warmth, softness, and a profound sense of place. In design and construction, Haven evokes the supple textures of a favorite sweater or a graceful woven fabric. The collection’s eviction colour palette blends sophisticated neutrals with colourways of apricot, mint, and rosewood to create an impression of both subtlety and substance. The patterns in the Haven line are similarly understated and versatile, as familiar as a well-loved living room rug.

There are six sides to every connection. Hexagon reflects the cultural shift toward more collaborative environments—influencing the ways we work, walk, communicate and create. This new shape of carpet tile design will change the way you move through a space, veer you off the beaten path and encourage collaborative chemistry. Build a social hive. Form new communities.
We’re also proud to have a hand in giving back. One percent of the sales of Homage will go to Public Architecture’s The 1%. The not-for-profit program encourages architecture and design professionals to donate 1% of their time to works that serve the public good. Visit theonepercent.org to learn more.
Shaw Contract furthers its commitment to healthier materials with Innate and In Tandem, a collection of coordinating tile and sheet products composed of bio-based polyurethane. These extremely durable floors deliver the highest Martindale rating to scratch resistance, and are resistant to degradation from UV light, hand sanitizers, disinfectants and common stains. The sustainable nature, versatile installation and ease of maintenance allow for optimal performance in the demanding environments of healthcare, workplace, education, retail and hospitality.
Inside Shapes is a flexible toolkit that inspires creativity. It consists of four geometric shapes – the square, the curve, the point and the diagonal – and twelve colour options, comprised of light and dark shades. Shapes, colours and shades can be chosen in pre-mixed sets, or curated individually to achieve different spatial effects: from clear wayfinding and zoning, to subtle changes of energy and mood, from areas for creative collaboration to places for quieter periods of concentration.

Create an emotional connection to a built environment through impactful moments and transitions with the Kindred tile collection. Designed to evoke feeling and personal connection, Kindred demonstrates growth within a space equivalent to that experienced by those functioning within it. It is a representation of the existence, growth and complexity that link us back to the people and places that initially brought those feelings to the surface.
Layer upon layer of inspiration reveals new depths of rich pattern and sensuous expression to draw you in. Organic form meets linear division. Tonal shifts exchange an ebb and flow of light and shadow. And create an environment that is at once immersive and engaging.

Independence and dignity are ever present underfoot with this new cradle-to-cradle collection designed especially for senior living. Elegant Eco Solution Q® patterns atop EcoWorx broadloom backing with intensive moisture protection. Start a new tradition.
Projected energy. Shards of colour and jabs of light. Light Series lives in a state of perpetual motion. Vivid wavelengths in varied scale and colour intensity.
Elegant, timeless, iconic designs inspired by opulent pattern and form. Vintage chic meets clean modernism. Whimsical plays of silhouette and sculpture. The texture and hand of a treasured heirloom. It’s a celebration of the things in life that ground us as they uplift us.
Diametrically opposed, brilliantly composed. Blur the line between hard form and imperceptible shape. Elements converge in 18 x 36 and quick ship 24 x 24. Juxtapose your space.
Nonlinear thinking. Mindful Play is made for lively interaction between people and spaces. Think simple, geometric forms, boldly engineered stripes, and powerful colour blocking. Learn to collaborate. Work to reconnect.
Carpet collections unite. Each and every Mix colour is designed to coordinate with these 16 shades of Gradient. So you can go tone-on-tone or total contrast, on the fly or in your own time. You be the mix master. It’s colourful coexistence.
Threadbare opulence. Modern Edit pays homage to vintage textile design, reframing luxury with industrial edge and unconventional scale. Ingeniously constructed and artfully instilled with a sense of place.

CUSTOM BROADLOOM + TILE | COLLECTION: MOBILE MATERIALS
The need to connect, to reflect, to simply stand still and be in the moment is ever more compelling. As our schedules leave little time for reflection, and our digital lives remove us from our senses, we yearn for the calming power of a soft surface, the visual harmony found in nature and for physical connection. Off The Grid is a deeply textural collection, of undulating patterns that mirror the natural world, boundaries that blur the edges, forging deeper connections to the world around us.
Pattern and colour sketched, washed and traced along 18x36 tile edges to create daring layers of design. And installation takes audacious forms, freeing the boundaries of your space.
High luster yarns and matte fibre interface, soft patterns form. Ikat striations, kasuri patterns and slubbed textures blend and blur. Three tile and two broadloom designs, fully Cradle to Cradle. Naturally rugged, gently finished.
Transform space and spirit. The Park is designed to redefine boundaries, enhance our mood and open our minds. Colour, pattern and texture influence and enhance the way we move and gather, from large crowds to peaceful pathways. Transition from communal energy to a quiet, singular moment. Alone. Together.
Drawn to the seamless migration of pattern and interplay of surfaces, our designers looked to fashion, architecture, sculpted art and textiles for inspiration. Colour is inherently natural, texture achieved utilising weighty yarns. Structure finds freedom, raw becomes refined.
Spend the day in a vibrant metropolis. Explore the shores of a coastline. In your travels, slow down and take in the changing landscape. Places captures memories of a destination. Calm moments in nature contrast the lights and energy of a city skyline. Quick to ship, global to local, collaborative workplace to quiet retreat.
Our design team set out to rethink the way we use materials and construct flooring, weaving the boundary between hard and soft. Combining hard surface durability with soft surface aesthetics, reThink woven LVT is a hybrid floor covering that weaves utilitarian purpose with textile appeal.
Simple lines, rugged shapes. Rewoven is topographic to the touch. Trace, Align and Sculpt in EcoWorx tile. Layer and Dimension in Ultraloc broadloom. All Cradle to Cradle Silver Certified and engineered for the unpredictable.
Find space to step back. In our daily lives, surrounded by sound and movement, energy and emotion, we crave quietude amidst the action. Sanctuary is made to give us a moment of respite and the space to reset our intentions. Organic textures envelop our senses, enhancing our human connection with the natural environment.
It begins with a spark. A flash. A glowing moment of inspiration that grows and
 grown until it reaches its full and luminous potential. A collection with patterns,
tones and hues that enlighten, inspire and ignite. We think you'll see carpet in a
whole new light.
shadows

From sunshine springs Shadows, a brilliant new collection designed to enlighten and enliven your healing space. It’s high-performance for demanding indoor environments, Cradle to Cradle for the one outside.
Inspired by the clean lines and structured angles of modern architecture, Shift + Tilt is made to mix well with other surfaces. With a luminous metallic base and sophisticated colour palette, these 5 mm LVT tile styles are constructed to interchange with carpet tiles for unique installations—with no need for a transition strip.
Peace of place. Find strength in Solitude LVT, a collection of wood visuals in subtle shades of quiet. Embossed grain textures from light to medium give a realistic look and feel. Constructed in 5mm thickness for smoother flow without transition strips, and an innovative silencing layer to reduce sound transfer. Calm and be calmed.
A place for everything and everything in your space. The ergonomics of the workspace is limitless. A well-planned space should be accommodating, efficient and work to its full potential. Space Worx entices with functionality. It appeals with practicality. And it opens up the possibility for how you work the room.
Welcome to the studio, where paint meets canvas. The Studio / Painting explores the mastery of technique, juxtaposing control with spontaneity, through paint’s liquidity, variable viscosity and the artist’s sense of detail. Beauty and movement are in the eye of the beholder—and the hand of the artist.
Cemented elements. Concrete characteristics. Linear stone. These are the subtle visuals of Surface and Strand, two new 18x36 resilient designs. Mix styles and add scale. Bring an air of composed balance to architectural spaces.
Well dressed in varying scale and subtle colour, these Style Basics keep selection simple. Two versatile patterns, Pleat and Taper, ground the design foundation in seven go-with-everything shades. Inspired by the fabric folds and narrowed lines of carefully constructed garments, this durable broadloom collection is made to be lived on, day and night.
Working together is all about being in sync with your desire for choice as well as customisation. Offered in custom high-definition, dye-injection and tufted styles, Synchronize offers a wide variety of pattern scale, size and more to meet the diverse needs of the spaces you design.

## Achromatic Tile

**Colour:** charcoal 07555

**Coordinating Products:**
- Duotone tile
- Saturate tile
- Value tile

### Product Specifications

- **Style Number:** ST107
- **Fibre:** Eco Solution Q® nylon
- **Dye Method:** 100% solution dyed
- **Tufted Weight:** 18 oz. 610.3 g/m²
- **Gauge:** 1/12 47.2/10 cm
- **Average Density:** 6480 ozs./yd² 46.7 cm x 91.4 cm
- **Product Size:** 18 in x 36 in
- **Secondary Backing:** Ecoworx®
- **Recommended Installation:** Monolithic, ashlar, brick, basketweave, half basketweave, herringbone, boxed in

## Advance Tile

**Colour:** coordinate 04535

**Coordinating Products:**
- Dash tile
- Track tile
- Turn tile

### Product Specifications

- **Style Number:** ST202
- **Fibre:** Eco Solution Q® nylon
- **Dye Method:** 100% solution dyed
- **Tufted Weight:** 20 oz. 678.1 g/m²
- **Gauge:** 1/12 47.2/10 cm
- **Average Density:** 8471 ozs./yd² 10.21 Kilotex
- **Product Size:** 12 in x 48 in
- **Secondary Backing:** Ecoworx®
- **Recommended Installation:** Monolithic, ashlar, stagger, herringbone, brick

## Adorn Tile

**Colour:** weld 67111

**Coordinating Products:**
- Dissolve tile
- Fiber, lana

### Product Specifications

- **Style Number:** 59557
- **Fibre:** Eco Solution Q® nylon
- **Dye Method:** 34% solution dyed / 66% yarn dyed
- **Tufted Weight:** 40 oz. 1,356.3 g/m²
- **Gauge:** 1/12 47.2/10 cm
- **Average Density:** 9474 ozs./yd³ 20.40 Kilotex
- **Product Size:** 24 in x 24 in
- **Secondary Backing:** Ecoworx®
- **Recommended Installation:** Monolithic, quarter turn, ashlar, brick

## Affluence Tile

**Colour:** ooh la la 63335

**Coordinating Products:**
- Bellcourt, Cranford, Decor tile, Joie, Kennebunk, Mortiz, Riche tile, Verve, Vite, Wisdom

### Product Specifications

- **Style Number:** 59384
- **Fibre:** Eco Solution Q® nylon
- **Dye Method:** 100% solution dyed
- **Tufted Weight:** 28 oz. 949.36 g/m²
- **Gauge:** 1/12 47.2/10 cm
- **Average Density:** 8129 ozs./yd² 10.99 Kilotex
- **Product Size:** 24 in x 24 in
- **Secondary Backing:** Ecoworx®
- **Recommended Installation:** Brick, quarter turn

## Active Tile

**Colour:** coordinate 04535

**Coordinating Products:**
- Duotone tile, track tile, turn tile

### Product Specifications

- **Style Number:** ST202
- **Fibre:** Eco Solution Q® nylon
- **Dye Method:** 100% solution dyed
- **Tufted Weight:** 20 oz. 678.1 g/m²

## Conclusion

This document presents detailed specifications for various tiles, including their style numbers, dye methods, tufted weights, average densities, and recommended installation methods. The coordinating products listed are designed to complement these tiles, offering a range of options for creating cohesive interior designs. The tiles are characterized by their unique designs and color schemes, suitable for various applications in residential and commercial settings.

- **Fibre:** eco solution q® nylon
- **Dye Method:** 100% solution dyed
- **Tufted Weight:** 22 oz / 746 g/m²
- **Gauge:** 1/12 / 47.2/10 cm
- **Average Density:** 6492 ozs./yd³ / 11.54 kilotex
- **Secondary Backing:** ecoworx®
- **Product Size:** 9 in x 36 in / 22.9 cm x 91.4 cm
- **Average Density:** 100% piece dyed
- **Dye Method:** 100% solution dyed
- **Recommended Installation:** monolithic, brick, quarter turn, ashlar

**Colour:**
- 41504 Sumac
- 41505 Logwood

**Coordinating Products:**
- Familiar tile, honest tile, identity tile, nest tile, shelter tile

**Lab Tile | Dye Lab**

**Tile Size: 24x24**

**Product Specifications**

- **Style Number:** ST241
- **Fibre:** eco solution q® nylon
- **Dye Method:** 100% solution dyed
- **Tufted Weight:** 36 oz / 1,220.6 g/m²
- **Gauge:** 1/10 / 39.4/10 cm
- **Average Density:** 7406 ozs./yd³ / 10.11 kilotex
- **Secondary Backing:** ecoworx®
- **Product Size:** 24 in x 24 in / 61 cm x 61 cm
- **Fibre:** eco solution q® nylon
- **Style Number:** 5T040
- **Recommended Installation:** monolithic, quarter turn, brick, ashlar

**Colour:**
- 38103 Balsa

**Coordinating Products:**
- Fringe tile, haze tile, vapor tile, wander tile

**Earth Tone Tile | Alternature**

**Tile Size: 24x24**

**Product Specifications**

- **Style Number:** ST338
- **Fibre:** eco solution q® nylon
- **Dye Method:** 51% solution dyed / 49% yarn dyed
- **Tufted Weight:** 32 oz / 1,085 g/m²
- **Gauge:** 1/12 / 47.2/10 cm
- **Average Density:** 5829 ozs./yd³ / 9.29 kilotex
- **Secondary Backing:** ecoworx®
- **Product Size:** 24 in x 24 in / 61 cm x 61 cm
- **Fibre:** eco solution q® nylon
- **Style Number:** 59338

KIT TILE | DESIGN JOURNEY MASTER

TILE SIZE: 24X24

product specifications
style number: ST099
fibre: eco solution q® nylon
dye method: 62% solution dyed / 38% yarn dyed
tufted weight: 38 oz., 1,288.5 g/m²
gauge: 1/16
average density: 104 ozs./yd², 9.03 kiltex
product size: 24 in x 24 in, 61 cm x 61 cm
secondary backing: eco worx®
recommended installation: monolithic, quarter turn, ashlar, brick

 coordinating products: artisan loom, artisan tile, chok loom, chok tile, cloth tile, matmee tile, plain weave tile

KUSA TILE | TERASU

TILE SIZE: 24X24

product specifications
style number: ST194
fibre: eco solution q® nylon
dye method: 100% solution dyed
tufted weight: 24 oz., 813.8 g/m²
gauge: 1/16
average density: 7261 ozs./yd², 12.95 kiltex
product size: 24 in x 24 in, 61 cm x 61 cm
secondary backing: eco worx®
recommended installation: monolithic, quarter turn, ashlar, brick, random

 coordinating products: botan, botan tile, hana, hana tile, kusa, reed sheet, roji sheet, tatami sheet

KNIT TILE | CHENILLE

TILE SIZE: 24X24

product specifications
style number: 59492
fibre: eco solution q® nylon
dye method: 92% solution dyed / 8% yarn dyed
tufted weight: 28 oz., 949.4 g/m²
gauge: 1/12
average density: 6720 ozs./yd³, 13.47 kilotex
product size: 24 in x 24 in, 61 cm x 61 cm
secondary backing: eco worx®
recommended installation: monolithic, quarter turn, ashlar

 coordinating products: chain stitch tile, corded, corded tile, cross stitch, double knit

LINAGE TILE | NO RULES

TILE SIZE: 24X24

product specifications
style number: 59106
fibre: eco solution q® nylon
dye method: 100% solution dyed
tufted weight: 17 oz., 576.4 g/m²
gauge: 1/12
average density: 5464 ozs./yd³, 9.47 kilotex
product size: 24 in x 24 in, 61 cm x 61 cm
secondary backing: eco worx®
recommended installation: monolithic, quarter turn, ashlar, brick, random

 coordinating products: byline tile, link tile

colour: 99111 natural silk

colour: 36300 pond

colour: 05761 fuse
LINEWEIGHT TILE | HAND DRAWN

TILE SIZE: 24X24

product specifications

style number: ST114
fibre: eco solution® nylon
dye method: 100% solution dyed
tufted weight: 20 oz.  678.1 g/m²
gauge: 1/12  47.2/10 cm
average density: 6050 ozs./yd³  10.38 kilotex
product size: 18 in x 36 in  45.7 cm x 91.4 cm
secondary backing: ecocon®
recommended installation: monolithic, ashlar, brick, basketweave, half basketweave, herringbone, boxed in

coordinating products:
brush lvt (8 mil, 12 mil, 20 mil), conte’, erase, fine point tile, line lvt (12 mil, 20 mil), plaster lvt (12 mil, 20 mil), scribe, stipple tile, stylus

LINEWEIGHT TILE | HEXAGON

TILE SIZE: HEXAGON

product specifications

style number: ST505
fibre: eco solution® nylon
dye method: 70% solution dyed / 30% yarn dyed
tufted weight: 20 oz.  678.1 g/m²
gauge: 1/12  47.2/10 cm
average density: 6050 ozs./yd³  11.22 kilotex
product size: 24.9 in x h x 28.8 in dia  63.2 cm h x 73.2 cm dia
secondary backing: ecocon®
recommended installation: random, diagonal

coordinating products:
bleached pewter 56518, ivory tan 56706, charcoal kiln 56596, charcoal tweed 56595, tweed mortar 56531, pewter tweed 56530

LINEAR SHIFT TILE | HEXAGON

TILE SIZE: HEXAGON

product specifications

style number: ST506
fibre: eco solution® nylon
dye method: 62% solution dyed / 38% yarn dyed
tufted weight: 20 oz.  678.1 g/m²
gauge: 1/12  47.2/10 cm
average density: 6990 ozs./yd³  10.91 kilotex
product size: 24.9 in h x 28.8 in dia  63.2 cm h x 73.2 cm dia
secondary backing: ecocon®
recommended installation: monolithic, random, diagonal

coordinating products: bleached mortar 56106, bleached ivory 56114, black charcoal 56105, ivory 56114, bleached ivory 56105, kiln mortar 56763

LINGER TILE | THE PARK

TILE SIZE: 9X36

product specifications

**Note:** The above text includes product specifications and options, with a focus on fibre type, dye method, tufted weight, gauge, and secondary backing. It also mentions coordinating products for each collection.
GRADIENT | SHADE BROADLOOM

product specifications

style number: SA153
fibre: eco solution q nylon
dye method: 100% solution dyed
tufted weight: 30 oz.
gauge: 1/8
average density: 11020 ozs./yd³
pattern repeat: none
secondary backing: classicbac®

colour: 34595 cobble grey

coordinating products:
brilliance tile, gradient tile, striking tile, tint, tone

GROUNDED | ALTERNATURE BROADLOOM

product specifications

style number: SA190
fibre: eco solution q nylon
dye method: 51% solution dyed / 49% yarn dyed
tufted weight: 32 oz.
gauge: 1/12
average density: 8000 ozs./yd³
pattern repeat: none
secondary backing: ultraloc®

colour: 38103 balsa

coordinating products:
core, earth tone tile, entwine tile, ingrain tile, natural selection, timber

GROUNDWORKS III

product specifications

style number: SA200
fibre: antron® legacy nylon
dye method: 54% solution dyed / 46% yarn dyed
tufted weight: 26 oz.
gauge: 1/10
average density: 7038 ozs./yd³
pattern repeat: 2.875 in x 1.813 in
secondary backing: ultraloc®

colour: 90600 cobbled street

coordinating products:
groundworks III tile
HANA | TERA SU

*Product Specifications*
- **Style Number:** 5A198
- **Fibre:** Eco Solution Q® Nylon
- **Dye Method:** 100% Solution Dyed
- **Tufted Weight:** 42 oz. 1,424.1 g/m²
- **Gauge:** 1/11 43.3/10 cm
- **Average Density:** 6632 ozs./yd² 11.28 kilotex
- **Pattern Repeat:** 72 in x 72 in 182.88 cm x 182.88 cm
- **Secondary Backing:** Ultraloc®

*Coordinating Products:* Angle Tile, Expand Tile, Folded Tile, Folded Edge Tile

RESILIENT
COLOR AND VISUAL VARIATIONS

Color and visual variation is inherent in all modular resilient products. It can vary slightly or significantly from piece to piece within a color. V1 has little or no variation from piece to piece. V4 will have a large variation in color and visual. For more information on product variation and to view swatch installations go to shawcontract.com

V1 uniform appearance

V2 slight variation

V3 moderate variation

V4 substantial variation

Variations are listed on product pages under the color numbers

COLOR AND VISUAL VARIATIONS

Color and visual variation is inherent in all engineered hardwood products. It can vary slightly or significantly from piece to piece within a color. V1 has little or no variation from piece to piece. V4 will have a large variation in color and visual. For more information on product variation and to view swatch installations go to shawcontract.com

V1 uniform appearance

V2 slight variation

V3 moderate variation

V4 substantial variation

Variations are listed on product pages under the color numbers

Comfort and Moisture Barrier

525
Silent Step™ Ultra

Silent Step™ Ultra is a superior performance acoustical flooring underlayment with unsurpassed sound absorption properties for use with laminate and hardwood floating flooring.

- High density 100% closed cell polyolefin foam core
- Attached 4 mil polyethylene moisture barrier for superior subfloor moisture resistance
- Seam overlap protection with peel and stick adhesive strip eliminating the need to tape seams when installing over concrete.
- Excellent resilience and resistance to tears and punctures
- Does not absorb or trap and hold subfloor moisture
- Mold and fungus resistant
- Excellent sound suppression
- Resists mild and medium
- Decreases step sound in rooms

Natural Cork

Some of the most effective sound control and crack suppression underlayment used under hard surface floors

Engineered Hardwood

*Adhere resilient transitions with contact cement or transition tape available through flooring supply locations.
## PLANK VARIATIONS

Color and visual variation is inherent in all modular resilient and hardwood products. It can vary slightly or significantly from piece to piece within a color. V1 has little or no variation from piece to piece. V4 will have a large variation in color and visual. For more information on product variation and to view swatch installations go to shawcontract.com

### V1 uniform appearance

- Uniform appearance
- Little or no variation from piece to piece
- Subtle color and visual differences

### V2 slight variation

- Slight variation
- Subtle to moderate color and visual differences

### V3 moderate variation

- Moderate variation
- More distinct color and visual differences

### V4 substantial variation

- Substantial variation
- Significant color and visual differences

Variations are listed on product pages under the color numbers

---

*Product does not contain FiberSmart™ technology.
Designed for use in technology rich environments where interruptions in computer or electronic equipment performance caused by electrostatic discharge cannot be tolerated.

Level 2 – Technology Rich Environments

- kV rating < 1.0kV (Grounded) Conductive, 33% coverage
- Broadcast and Media, Network Operations Centers, and Computer server/data centers
- Contains continuous conductive StaticSmart FibreLink™ monofilament

LAN 4.1 COLONIAL | STATICSMART®

STATICSMART® PLUS

Designed with maximum static protection for electronics manufacturing environments and anywhere where 24/7 operational readiness, public safety, and security are at stake.

Level 3 – Mission Critical Environments
- kV rating < 4kV | Grounded | Conductive, 100% coverage
- Public Safety/ E-9-1-1/Emergency Operations, Air Traffic Control, and Electronics Manufacturing/ R&D
- Contains continuous conductive StaticSmart FibreLink™ monofilament in every tuft

PRESIDENTIAL | STATICSMART® PLUS

| Fibre: eco solution q® nylon |
| Conductive fibre technology: continuous conductive StaticSmart FibreLink™ monofilament in every tuft |
| Dye method: 100% solution dyed |
| Tufted weight: 24 oz. 813.7 g/m² |
| Gauge: 1/10 39.4/10 cm |
| Average density: 6754 ozs./yd³ 61 cm x 61 cm |
| Recommended installation: quarter turn, ashlar |

Matching tile: reparte tile* |

## GSA PRODUCTS

We’ve got you covered. With more than 300 high-performance and sustainable products on the GSA schedule, we offer solutions to meet all of your requirements for carpet, and resilient installations.

### carpet tile
- absorbed tile: 158-159, 277
- abstract edge tile: 201, 277
- acentric tile: 58-59, 278
- adorn tile: 71, 278
- advance tile: 18-19, 279
- affinity tile: 161, 279
- agate tile: 255, 280
- allure tile: 41, 281
- analog tile: 25, 282
- applied tile: 159, 283
- artisan tile: 78, 284
- augment tile: 268-269, 284
- balance tile: 274, 285
- basic tile: 230-231, 286
- bias tile: 202-203, 286
- blend tile: 179, 289
- bilis tile: 220, 289
- block print tile: 136, 290
- blocx tile: 189, 290
- blur tile: 17, 291
- brilliance tile: 223, 292
- byline tile: 185, 293
- captivate tile: 188, 293
- catalyst tile: 167, 294
- central line tile: 211, 294
- centric tile: 231, 295
- chain stitch tile: 51, 295
- charisma tile: 296
- chroma tile: 187, 297
- city central tile: 211, 298
- clear tile: 53, 299
- cloth tile: 76, 299
- color form tile: 24, 58, 60-61, 226, 300
- color frame tile: 60-61, 301
- color play tile: 189, 302
- colour plank tile: 16, 201, 303
- connect tile: 274, 304
- constellation tile: 304
- construct tile: 73, 305
- copy tile: 73, 307
- corded tile: 51, 307
- decor tile: 161, 309
- diffuse tile: 182-183, 311
- dispense tile: 182-183, 312
- distort tile: 24-25, 314
- drift tile: 204-205, 315
- duotone tile: 58-59, 315
- dwelling tile: 130, 316
- embark tile: 162-163, 317
- embelish tile: 137, 319
- emotion tile: 274, 319
- engage tile: 164-165, 319
- entraé tile: 320
- expand tile: 38-39, 322
- fade tile: 17, 324
- familiar tile: 128, 324
- field tile: 266-267, 325
- focus tile: 274, 327
- folded edge tile: 38-39, 327
- folded tile: 38-39, 328
- foundation tile: 96-97, 329
- fringe tile: 162-163, 329
- glaze tile: 53, 330
- glimmer tile: 41, 330
- glitch tile: 25, 331

### GSA PRODUCTS

- gradient tile: 223, 331
- glitch tile: 99, 331
- gradient tile: 223, 332
- groundswork tile: 333
- haze tile: 163, 334
- hint tile: 178-179, 335
- honest tile: 130, 149, 256, 336
- horizontal edge tile: 201, 336
- hybrid tile: 166, 337
- identity tile: 127, 338
